

Please remember to pay the mandatory road toll for Austria.

Toll sticker
("Vignette")
compulsory in
Austria.

Dear customers,

Please note that Austrian highways are subjected to road tolls. It is therefore mandatory for all the vehicles using Austrian Highway to pay the road toll. Please remember to buy road toll sticker called Vignette. These toll stickers can be bought from all gas stations and restaurants which are located close to the Austrian border.

Vehicles found driving on Austrian Highway without this road toll sticker could be charged a minimum fine of €120,00 and an additional administration fee of €39,00. We would therefore advice all our customers to buy the road toll sticker as soon as possible before crossing the German border.

Following are the costs for the time bound road toll stickers:

Toll stickers

Rates

10-day-toll	9,00 €
2-month-toll	26,20 €
1-year-toll	87,30 €

Rates are in EURO and incl. 20 % VAT, as at December 2017

Note: It is also possible to buy the digital version of this toll sticker form: <http://www.shop.asfinag.at>

It is advised that customers check the road toll regulation in all the countries they plan to drive in, because traffic rules and toll charges vary from country to country.

Thank you and have a safe journey
